# A Hands-On Introduction to Elevaid

The World's First AI-Powered  
Solution for M&E Automation

[www.glocalevalweek.org](http://www.glocalevalweek.org)

# **We put bad decisions out of business!**

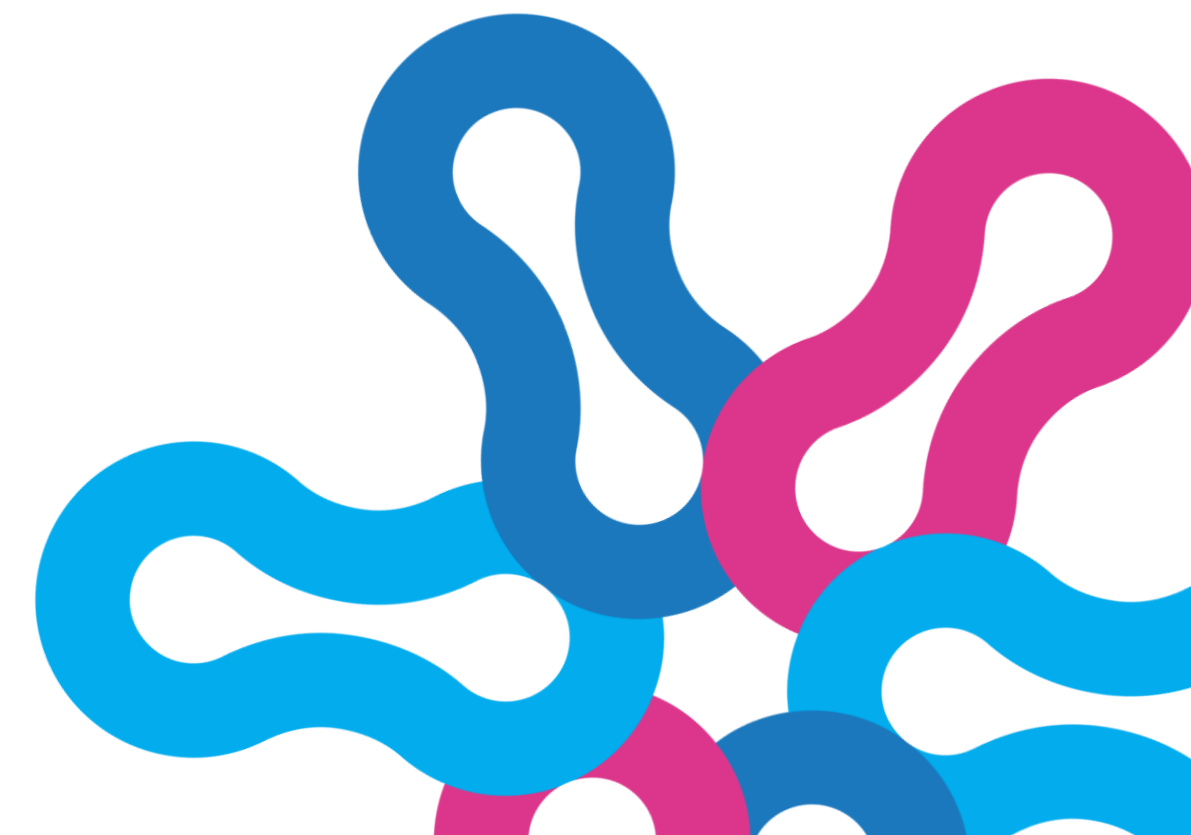

---

AI to help governments, Development and humanitarian actors, make better decisions faster with data and analytics

# Background

- **Founded in 2024 in the Netherlands**
- **Help development actors work faster and better**
- **AI-powered automation**
- **A multidisciplinary team with deep expertise in M&E and AI**

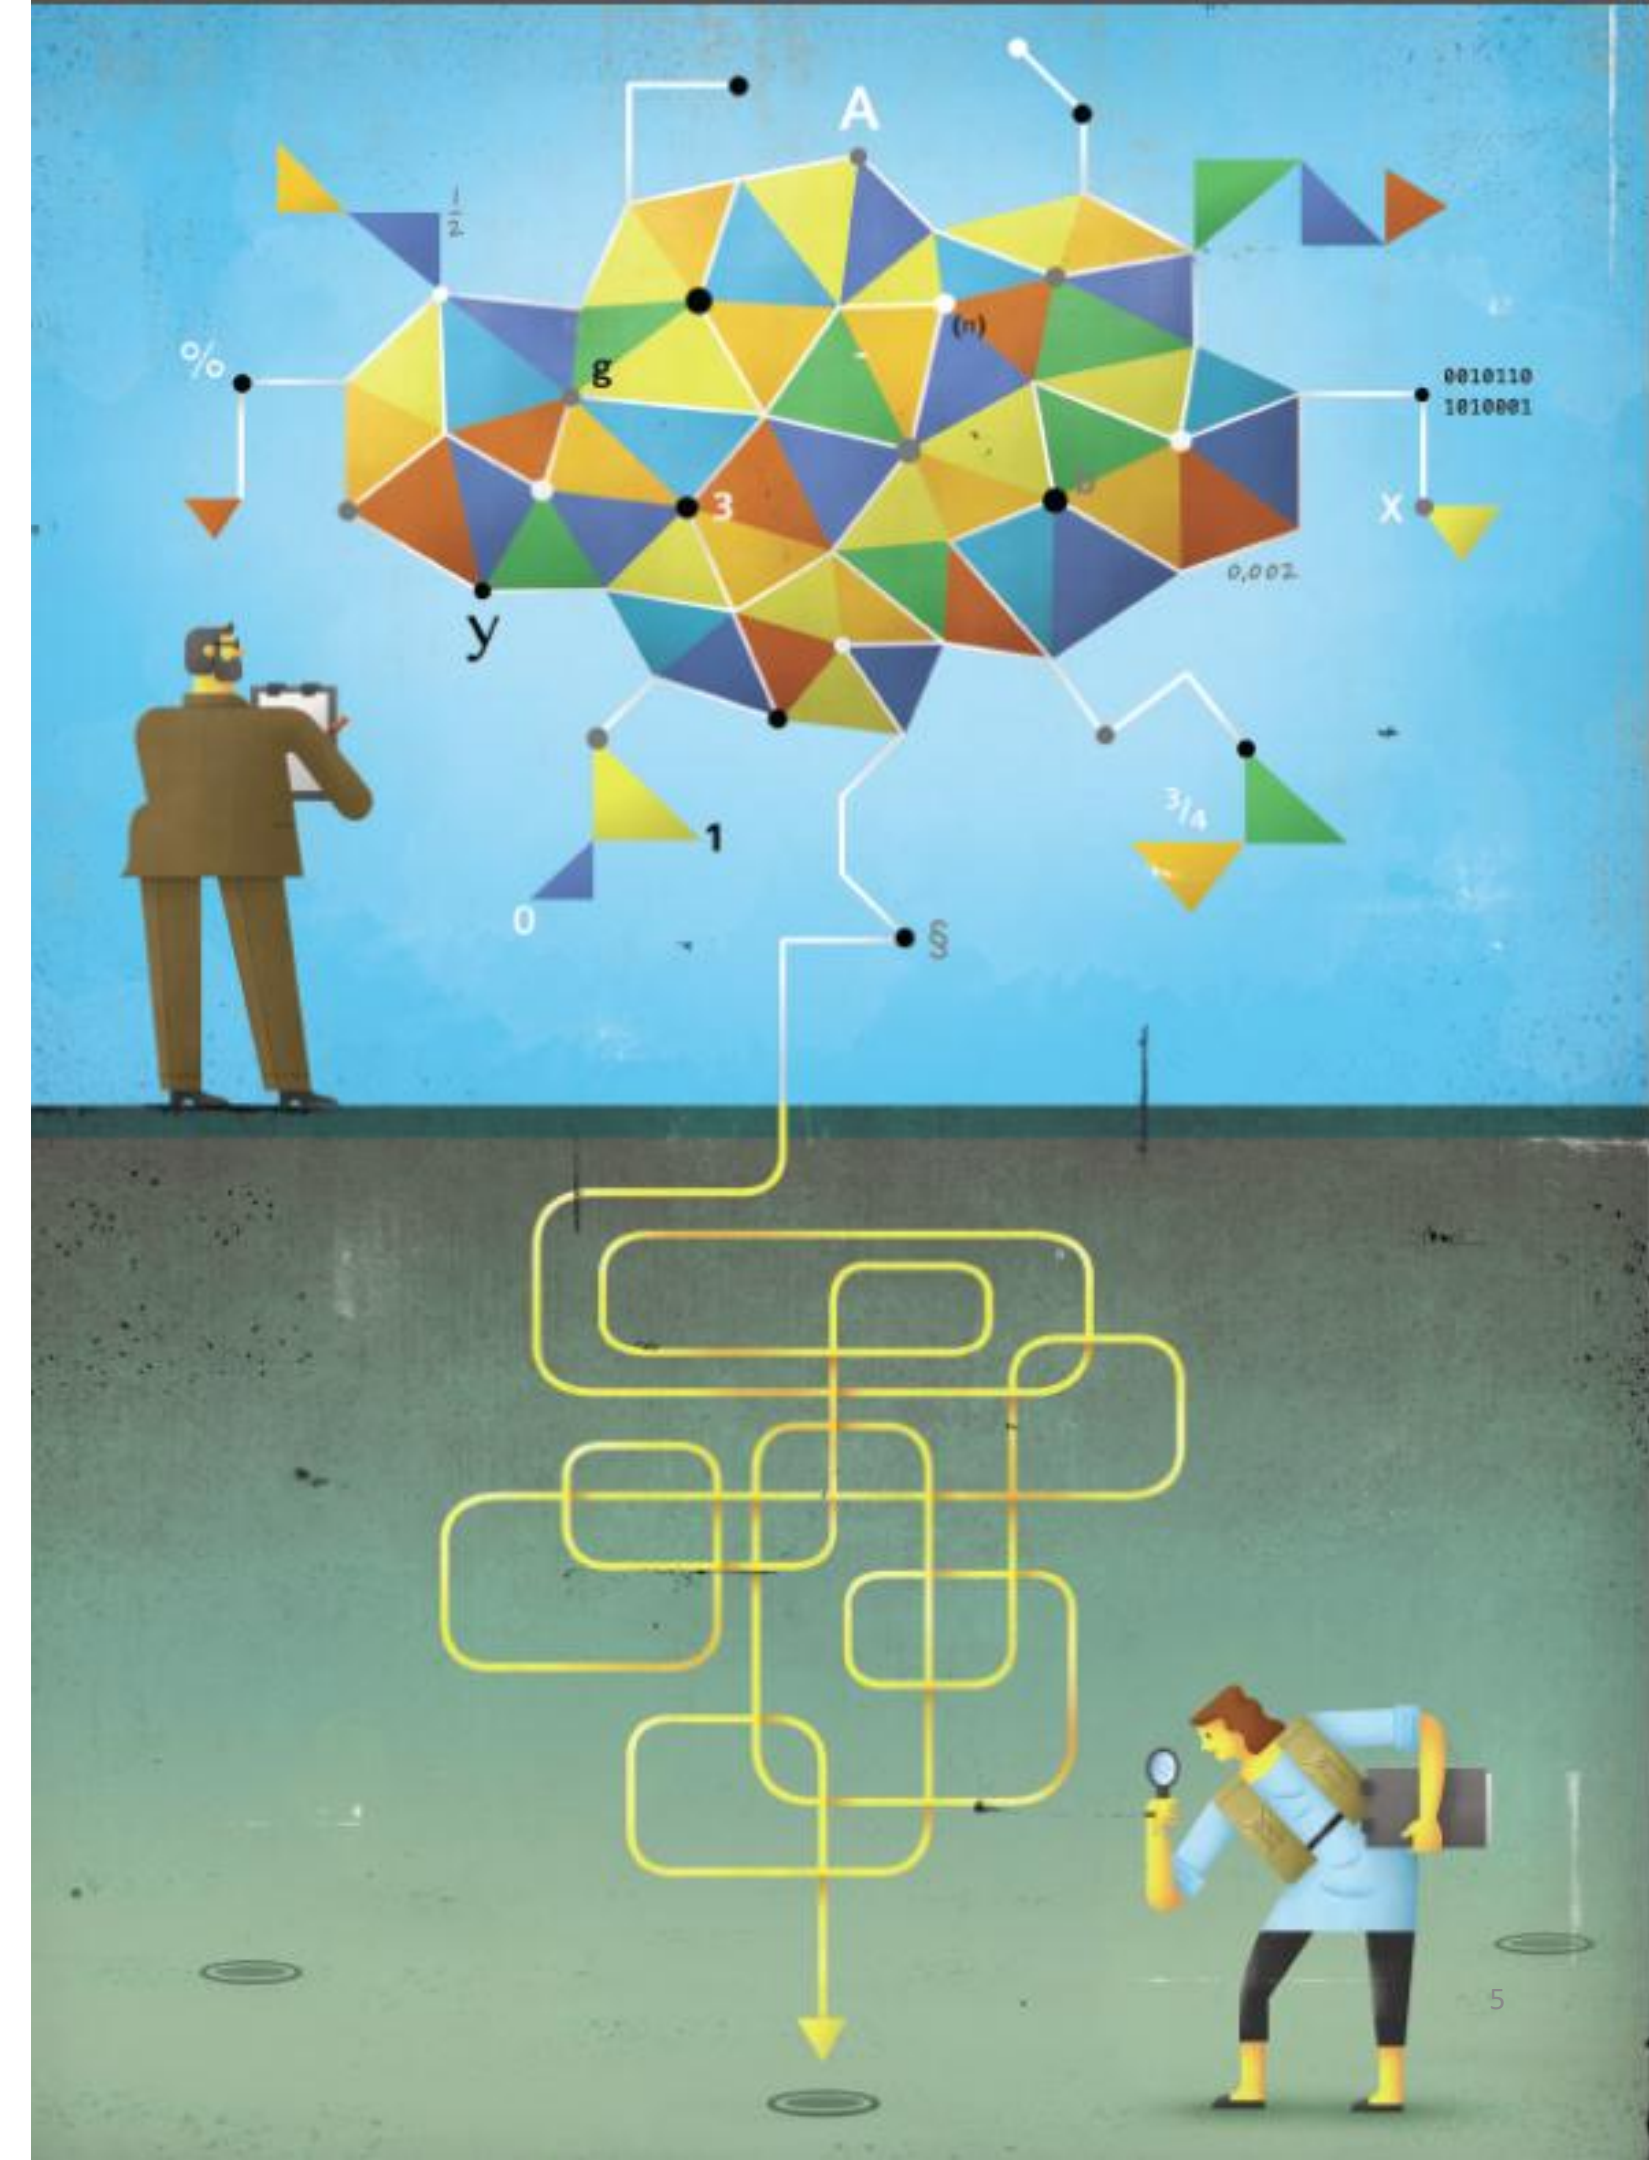

Why Now?

**Growing funding gap to address the world's toughest challenges - speed and efficiency is central!**

WHAT'S the **PROBLEM** and **PAIN**?

**Better AID**  
decisions are ever  
more important in  
a fast phased world  
with growing  
number of crises

WHAT'S the **PROBLEM** and  
**PAIN**?

**But Decision  
making doesn't  
benefit from  
timely and  
rigorous insights!**

# Imagine a world where:

- Needs of (disaster struck) populations are assessed in hours, (inst. of weeks)
- Evaluations are conducted in days (inst. of months)
- Monitoring and support can continue long after project end
- Decision makers have immediate access to insights and best practices

## One STOP AI Solution

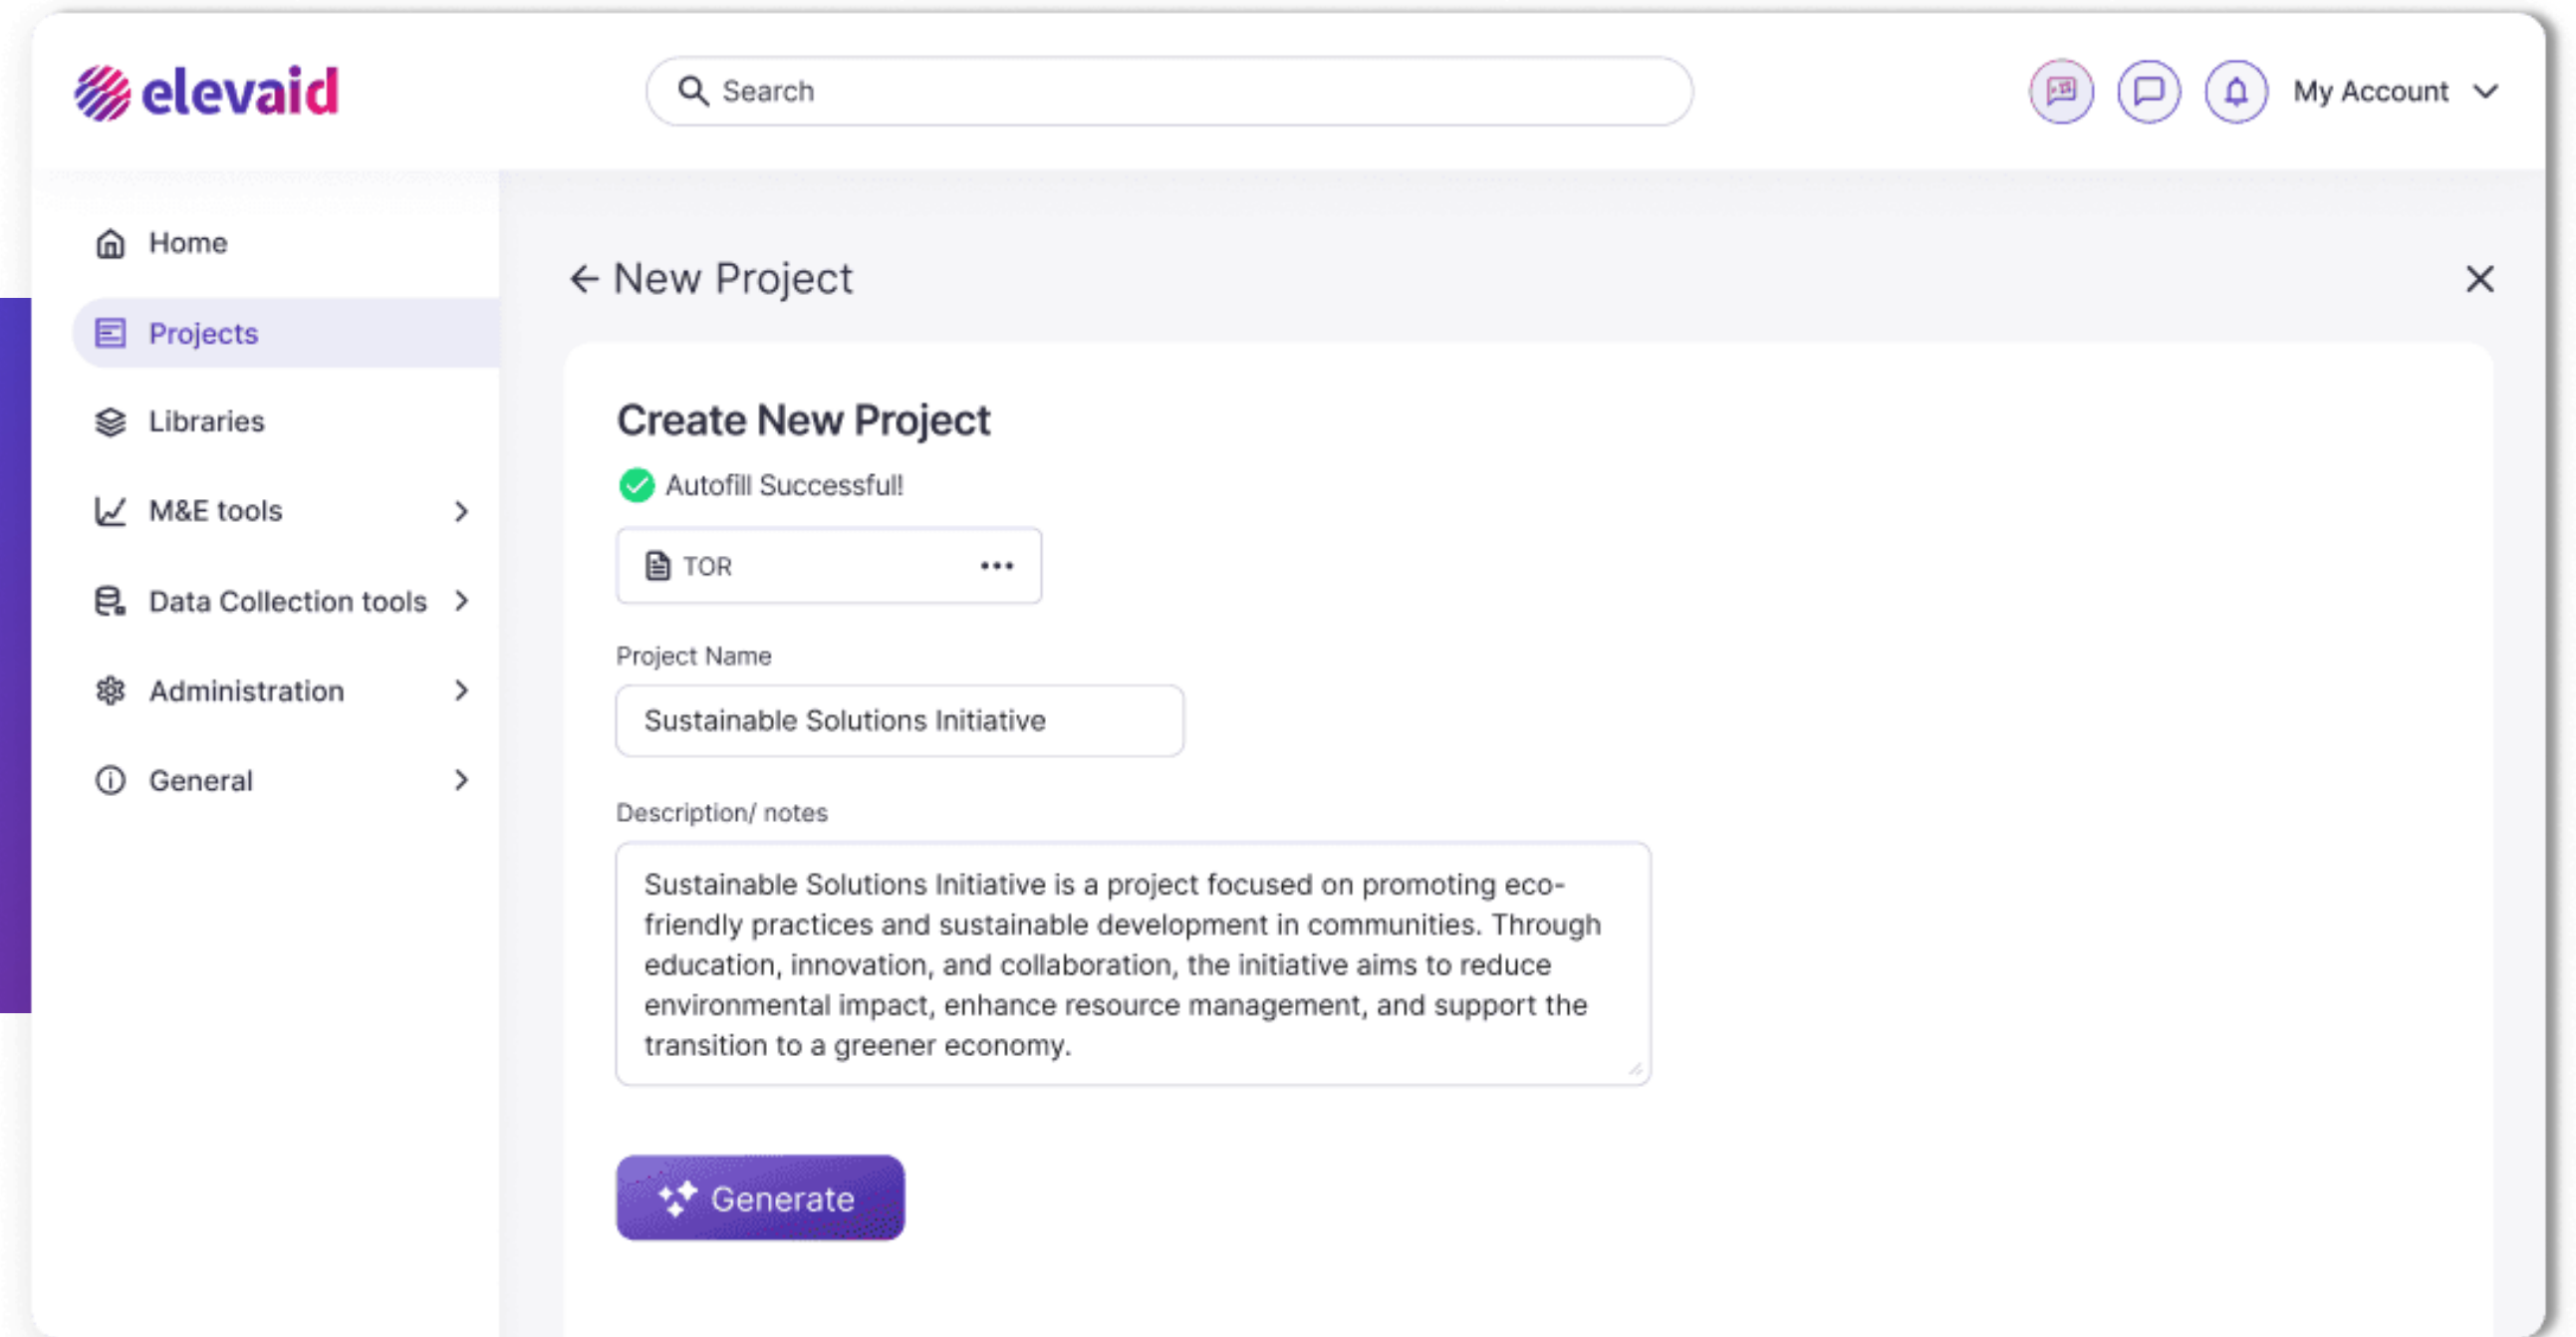

---

From data collection to  
analysis, reporting and  
dissemination

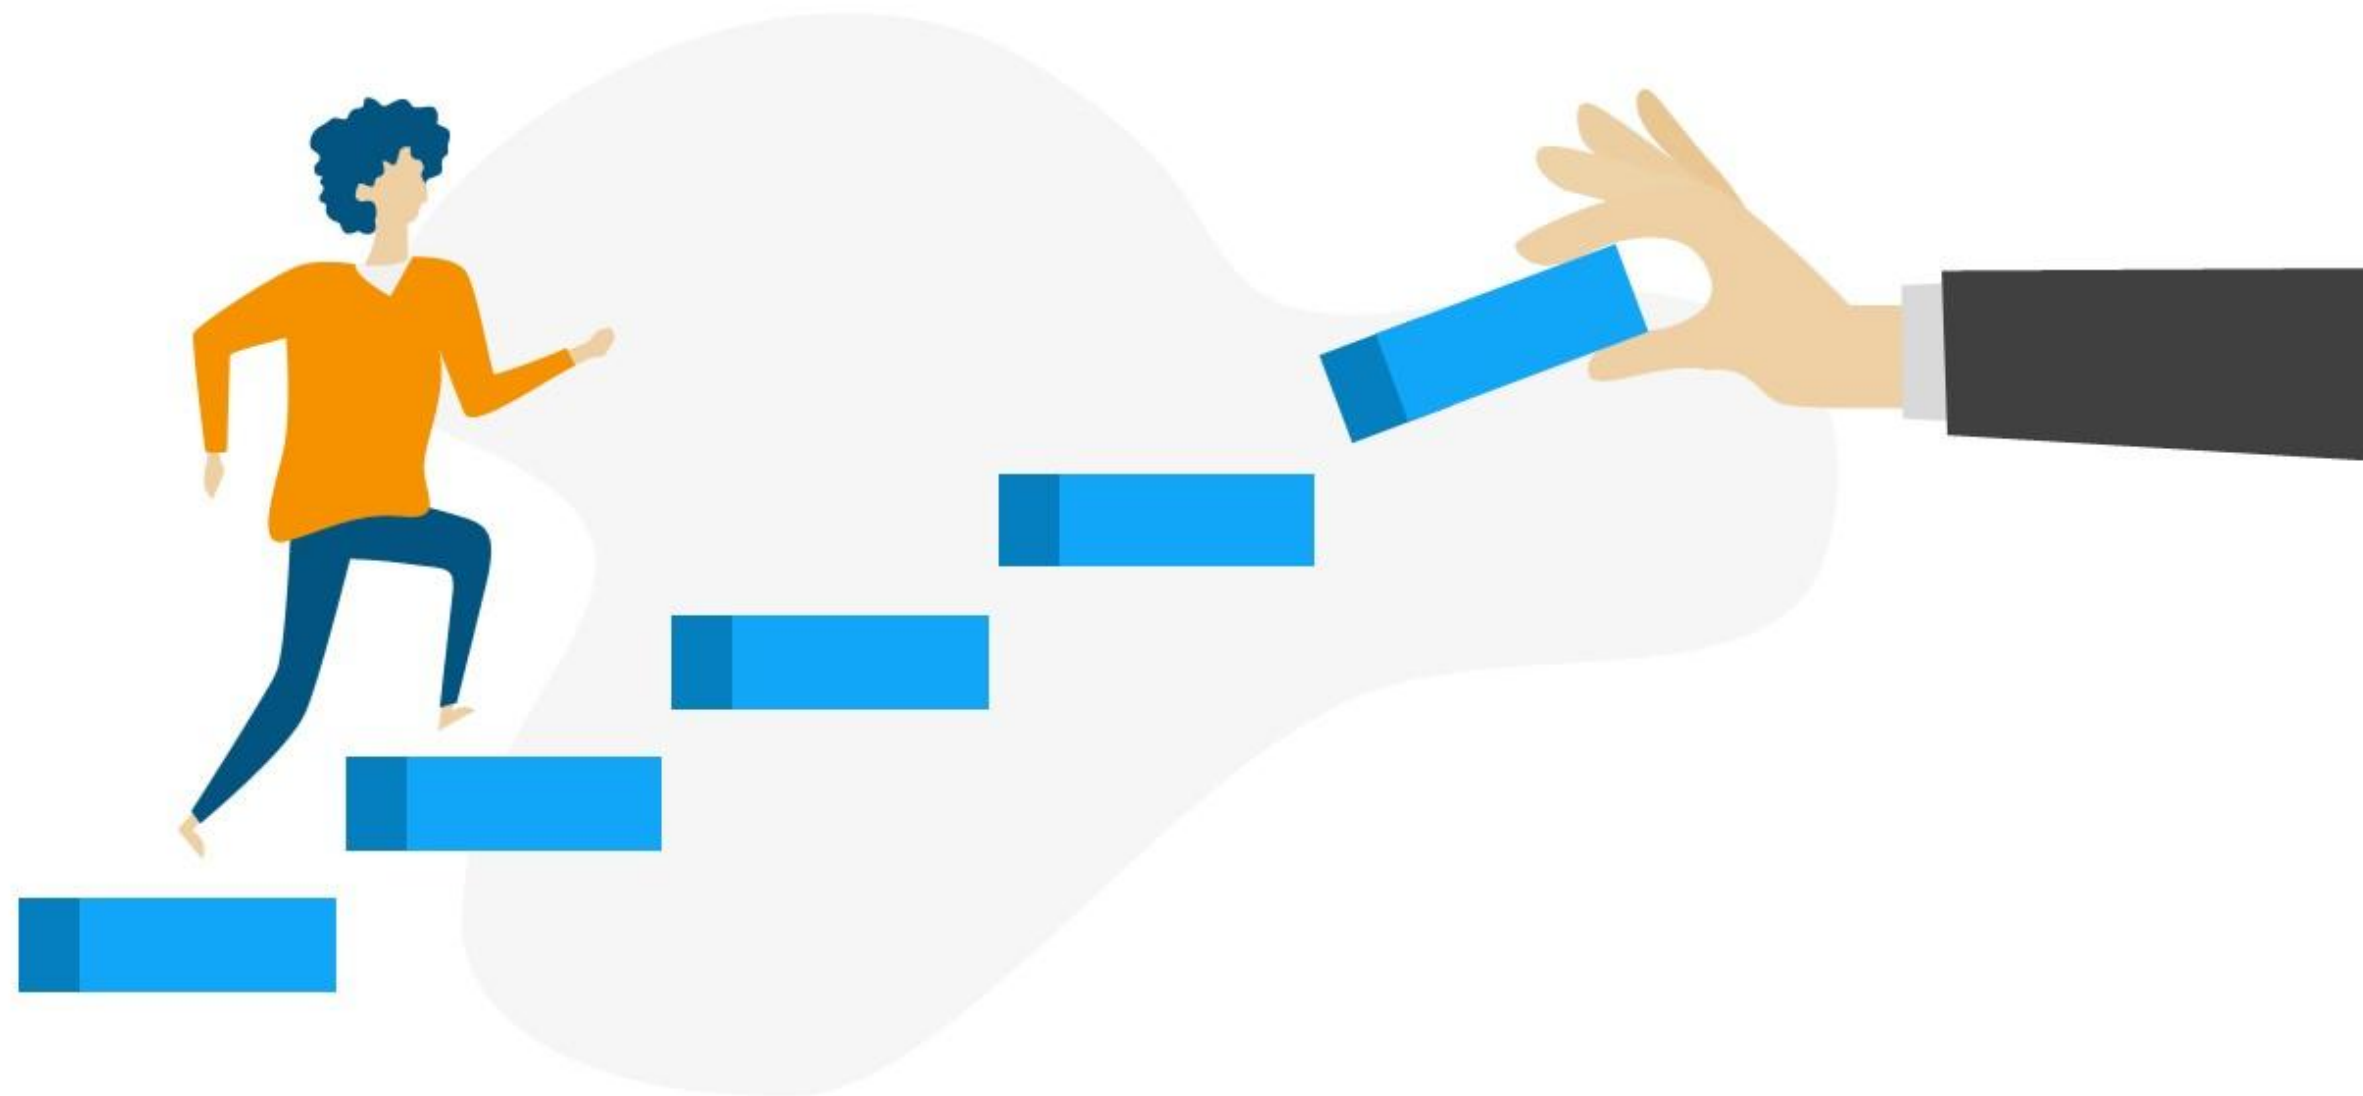

OUR MVP IS READY  
AND WE ARE NOW  
TESTING FOR FULL  
LAUNCH

## WHAT'S Next

- **New Features**
- **Testing**
- **Scale-up**
